INFORMATION DISCLOSURE STATEMENT

Dear Sir:

Pursuant to 37 C.F.R. §1.97, Applicant hereby call the Examiner's attention to documents listed on the attached form, which documents may be material to the examination of this application. In accordance with 37 CFR 1.98(a), a copy of the US Patent is not enclosed.

Applicants are submitting herewith a full English translation of previously submitted (on February 13, 2007) Japanese reference JP S52-19960. Applicants note that the 1449 form for that reference listed a publication date of 3-29-1974. Applicants note that this is the publication date of the unexamined Japanese patent application (which is JP S49-34296). The examined Japanese patent application (JP S52-19960) has a publication date of May 31, 1977 which Applicants are listing herein.

No inference should be drawn that any apparatus disclosed is equivalent to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

Please charge our Deposit Account No. 50/1039 for any fee due for this IDS.

Date: March 26, 2007
